

SETPOINT Scotland

SETPOINT Scotland East

Update- Lab in the Lorry –IOP

Help is required to deliver this project at schools:

28th & 29th April - Larbert High

30th April & 1st May Graeme High

This is a great activity and you can do half a day or a day. This could be your activity ! Give us a ring or :—

Contact: Ian Cuthbert –IOP on 0780 301 2870 if you can manage to help out at any the venues. Training will be provided.

Local Seas Inductions

We are aware that the set CRB Edinburgh dates don't suit everyone and please feel free to contact us and alternative arrangements will be made to get you signed up at a suitable location.

Contact David Jamieson at davidbjamieson@hotmail.com or frank.mckeever@careers-scotland.org.uk

Company Sign Ups

Should there are a number of Seas within a Company , we are happy to come out to the organisation involved and complete the induction on site.

NEW SEAS ADMINISTRATOR Remember and notify Alyson about Activities

Edinburgh Seas sign up Session.

Please note that the next session will be on 25th June 08 at APEX House, Haymarket Terrace, 5.30—7pm.

Just a reminder that if you require any help or information , please contact Alyson. You will see a vast improvement in terms of information and mailshots.

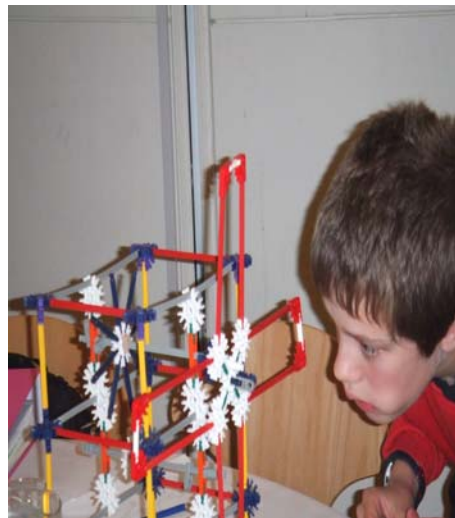

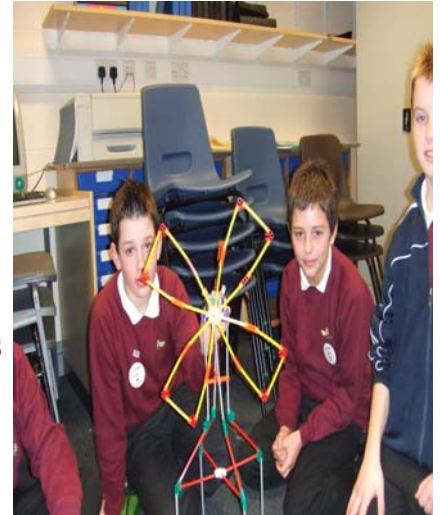

In addition to our regular Seas sign up dates in Edinburgh, we will be offering dates at the Falkirk Office. We are looking at venues in Fife & Borders. Individual Seas can sign up Monday to Friday at the Falkirk Office by contacting Alyson Young on 01324 620311

KNEX CHALLENGE 2008

This year's Knex Challenge in the South East has kicked off with a record number of schools taking part. Following teaching training we have requested schools to run their own class challenges. We have no objection with Seas helping out. Training information can be viewed on this Website by clicking on Teachers, scroll down to Knex 2008

Your help is required by helping to Judge the cluster finals which will determine which teams go forward to the Regional Final in May. Want to judge one of the finals? Contact Alyson, David or Frank.

Details of the clusters can be obtained from Alyson or

SETPOINT TENDERS

Stemnet have put the Setpoint & Seas contracts out to open tender and these new arrangements will be in place for 1st August 2008. More information on this should be available by the end of April.

More details are given on www.stemnet.org.uk

Recent & Forthcoming Events

Ineos Science Fair

3rd—18th March 2008

Many thanks to all the Seas who made this event a great success. Evaluations are back from the schools and are very positive. Almost 2,000 P7 pupils enjoyed the wide range of activities.

Once again many thanks

2008 Knex Challenge

Arrangements are being made for this event through the South East Region. We need help to run challenges & Judge the Cluster finals. The challenges in class take about an hour. This is an enjoyable activity and does not take up a great deal of time. Contact us
