

# SETPOINT Scotland

SETPOINT Scotland East

## Change in Organisation Update.

Further to the information contained in the May Newsletter, we are pleased to inform you that our new office location will be:-

*Forth Valley College, Middlefield, Grangemouth Road, Falkirk, FK2 9AD.* Phone, Fax and emails will change and these will be notified to you as soon as possible..

The intention is to be fully operational in time for the new contracts to take effect from 1st August.

You may see a couple of name changes Stempoint and global Science

### Local Seas Inductions

We are aware that the set CRB Edinburgh dates don't suit everyone and please feel free to contact us and alternative arrangements will be made to get you signed up at a suitable location.

Contact Alyson Young at [alyson.young@careers-scotland.org.uk](mailto:alyson.young@careers-scotland.org.uk) or [frank.mckeever@careers-scotland.org.uk](mailto:frank.mckeever@careers-scotland.org.uk)

### Company Sign Ups

Should there be a number of Seas within a Company, we are happy to come out to the organisation involved and complete the induction on site.

## SEA WINS MAJOR AWARD Congratulations to Nigel Over

Nigel Over, a dedicated and inspirational volunteer from West Lothian, Scotland, has been named Volunteer of the Year by the BA (British Association for the Advancement of Science). He has received the Sir Walter Bodmer Award for Volunteers in recognition for giving thousands of people – adults and children – the chance to participate in diverse and engaging science activities

## KNEX CHALLENGE REGIONAL FINAL 2008 27th May—Edinburgh Zoo

This year's Knex Challenge in the South East has been a great success with a record number of schools taking part. The Final was a really exciting event with 26 teams taking part. Ten winning teams from the South East go forward to compete in the Scottish Final on 11th June at Glasgow University. Below is pictured the three top teams in terms of points. East Saltoun, Meldrum. Ratho.

This year we were delighted to receive generous support from the Institution of Structural Engineers in terms of Knex Kits and Prizes. Alex Tait and Chris Weston assisted by presenting the awards. See pictures below:

**This is the Institution of Structural Engineers Centenary Year** and the support for schools is one of a number of projects. Thank you for your kind support

## SETPPOINT TENDERS

Stemnet have put the Setpoint & Seas contracts out to open tender and these new arrangements will be in place for 1st August 2008. See front page.

More details are given on [www.stemnet.org.uk](http://www.stemnet.org.uk)
